

EU Non-Schengen: Complete Guide to EU/Non-EU Residency by Investment 2024

The European Union (EU) comprises 27 member states, of which 22 are part of the Schengen Area. The Schengen Area allows free movement of people between member states without border controls. However, five EU countries - Bulgaria, Croatia, Cyprus, Romania, and Ireland - are not part of the Schengen Area. These countries are commonly referred to as "EU Non-Schengen" countries.

EU Non-Schengen countries offer a range of residency by investment (RBI) programs that allow non-EU citizens to obtain residency in the EU. These programs have become increasingly popular in recent years as they often provide a pathway to citizenship and offer various benefits, such as access to the EU single market, visa-free travel within the Schengen Area, and high-quality healthcare and education systems.
