Protective Magick Spells to Destroy Witchcraft

Magick spells are another potent form of protection against witchcraft. These rituals tap into the power of elements, symbols, and intention to create a shield of protection around the individual. By performing these spells, you invoke the forces of nature and the universe to repel negative energies and guard against witchcraft's harmful effects.

Here is a powerful protection spell that you can use to destroy witchcraft:

1. Gather a white candle, a black candle, a piece of paper, and a pen.
2. Carve a protective symbol, such as a pentagon or a cross, into the white candle.
3. Carve a banishing symbol, such as a downward-pointing triangle or a circle with a line through it, into the black candle.
4. Write down the name of the person or situation you wish to protect on the piece of paper.
5. Place the white candle on the left side of the altar and the black candle on the right side.
6. Light the white candle first, then the black candle.
7. Hold the piece of paper between your hands and visualize the protective energy of the white candle flowing into it and the banishing energy of the black candle flowing out of it.
8. Chant the following incantation:

“ "By the power of light and dark, I banish this witchcraft's mark. With fire and will, I break the spell, And protect this soul from its evil swell." ”

- Repeat the incantation nine times.
- When you are finished, burn the piece of paper in the flame of the black candle.
- Let the candles burn down completely.

Spiritual Practices for Cleansing and Protection

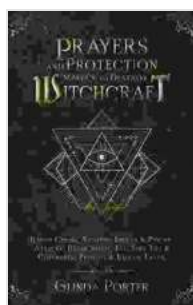

In addition to prayers and magick spells, there are several spiritual practices that can be used to cleanse and protect yourself from witchcraft. These practices help to raise your spiritual vibration and create a positive, protected environment around you.

- **Meditation:** Meditation helps to calm the mind and connect with your inner self. It allows you to clear away negative thoughts and emotions and open yourself up to the positive energy of the universe.
- **Smudging:** Smudging is the practice of burning sage or other herbs to cleanse a space of negative energies. The smoke from the herbs helps to purify the air and create a protective shield around the individual.
- **Crystal healing:** Crystals are known to possess protective properties. Wearing or carrying crystals can help to repel negative energies and create a positive, protected environment.
- **Visualization:** Visualization is a powerful tool that can be used to create a protective shield around yourself. Simply imagine a white light

surrounding you, protecting you from all harm.

Prayers, protection magick, and spiritual practices are powerful tools that can be used to destroy witchcraft and safeguard yourself from its harmful effects. By invoking the divine power of higher powers, performing protective spells, and engaging in spiritual practices, you can create a positive, protected environment around yourself and break the hold of witchcraft.
